

# Help Us Help You

- Place your container and recycling bin at the curb no later than 7 a.m. and pick it up that evening.
- If you are going to put your leaves into bags, only use biodegradable (paper) not plastic. But it is fine to leave them loose and on curb.
- Please don't place yard waste in the street or close to storm drain. It clogs the drains.
- Sanitation will not pick up any glass containers placed in recycling bins. City of Covington residents can bring glass to 5144 Turner Street or put it in their garbage bin.
- For yard debris pickup day, only plant material may be placed for collection. No other trash, please.

## Have A Lot of Yard Debris?

If you have more debris than will fit in the back of a pickup truck, call

**770-385-2046**

for a special pick up. A fee applies.

Commercial and industrial service is also available. To inquire about a dumpster or a roll-off container, please call 770-385-2046.
